Subject: Permit to Commence Small Mine Activities, Christopher Rose, Trilobite Me! Mine, S/027/0122, Millard County, Utah

Dear Mr. Rose:

The Division of Oil, Gas and Mining finds your Notice of Intention to Commence Small Mining Operations (Notice) complete and approves the reclamation surety for the Trilobite Me! mine. The surety amount is escalated until 2018. The new Notice incorporates some of the existing disturbance formerly associated with the permit of lessee Robert Drachuk for his adjacent Mineral Fossil Lease 42870 mine (S/027/0014). Contact Jerry Mansfield at SITLA for any questions about a partial lease assignment from Robert Drachuk to yourself.

You are now permitted to conduct mining activities as outlined in the Notice provided you have approval from all other appropriate agencies. The approval or acceptance of a complete notice of intention does not relieve an operator from his responsibility to comply with the applicable statutes, rules, regulations, and ordinances of all local, state and federal agencies with jurisdiction over any aspect of the operator's mining operations. Enclosed please find a copy of the reclamation contract and stamped complete Notice.

Please keep in mind the following regulatory requirements:

- Stockpiling topsoil material prior to beginning activities will help ensure successful revegetation. Even the first few inches of undeveloped material is worth saving to aid in later revegetation efforts, and future regulatory surety release.
- If you encounter any archaeological or historical items, you are asked to notify this office and the Division of State History.
- Permit fees and annual reports are due by January 31st.
